#### Local and Personal

Engine No. 105 is in the shops for light general repairing.

John Lane, of the C. S. outfit, was in Cimarron a day or so ago.

Bert Pratt, the saw mill man from Metcalf canon, was a visitor in Cimarron last Saturday.

George Burns and Chas. Carter, both of Raton, were business visitors here in Cimarron last Friday and Saturday.

Patronize the Cimarron man who does the boosting. His business is worth more than that of fourteen knockers.

Wm. Marling, of the firm of Duckworth & Marling, spent Saturday and Sunday in Raton, where he went to transact business.

Alex Livingston is building a neat little cottage on his lots out near J. W. Records, and expects to have it done within a very short time.

J. S. Humphrey, of Raton, recently purchased from C. F. Remsburg a large number of fattened steers which have been fed for the market.

Mrs. Wm. Marling has left for the east on an extended trip and visit to friends and relatives. Mrs. Marling expects to be gone for some little time.

Harry Grubbs, the proprietor of the Legal Tender, has been spending a few days in Tucumcari looking after his interests there and also visiting his family.

Mr. and Mrs. C. F. Remsburg, after making a trip to Taos, have returned to Cimarron, where they left their automobile, and have left Raton in their machine.

J. W. Records, master mechanic of the Rocky Mountain road, states that work in the shops has picked up quite a bit and that he has been forced to increase his force of men somewhat.

Car No. 200, the private car used by the officials of the Rocky Mountain, is in the shops for repairs. It will receive a general over-hauling and will be refinished both inside and outside.

Mr. and Mrs. C. F. Remsburg left for Raton in their automobile last Monday morning. Mr. Remsburg states that he makes the trip in a little over two hours, beating the time the train makes between the two cities.

Mr. Henry Springer left for Raton Monday morning, where he met his friend Mr. Thompson from Des Moines, Iowa. Mr. Thompson will stay in Cimarron for the time being, and then expects to live an out door life on a ranch.

The following party from Raton were guests at the Swastika last Sunday. Miss Wiley, N. Y.; Miss Rogers, Denver; Miss Eddy, N. Y.; Miss Gorman, Raton; Messrs. W. A. Gorman, Raton, W. M. Wiley, Holly, Colo., and R. E. Wilson, Chicago.

Wm. Lambert, who has been confined to his bed for the past seven weeks with pneumonia and typhoid fever, is once more able to be about a little, although only with the aid of a crutch. Mr. Lambert's many friends are delighted to know that he is recovering so rapidly.

The Rocky Mountain road has made an important change in its train service to Cimarron, beginning with last Monday, trains No. 1 and No. 2 between Cimarron and Colfax were made into mixed trains, composed of both freight and passenger cars. This gives Cimarron freight service every day instead of three times a week. Hereafter, a train will run to Ute Park twice a week.

#### MARLING PLANTS SHADE TREES

Mr. Wm. Marling, better known as "Billy" has shown himself to be one of the progressive men of the city and one who has the interests of Cimarron at heart. Last week he set out about twenty-four fine shade trees around his property on north Washington avenue, the trees being of approved eastern shade varieties. Among others, he has three fine weeping willow trees, which with plenty of water, will in a few years, make a most beautiful shade.

#### HICKMAN BUILDS TASTY FENCE.

We already have signs of the coming spring, and the evidence is to be found on all sides. Hens are laying, people are planting trees, and now W. B. Hickman plants posts for his new fence which he is building around his residence.

The new fence will be a neat five board one, and will extend completely around his lots. If more of the Cimarron citizens would go to the little expense necessary and would take more interest in the general appearance of their places, Cimarron would present a different aspect in a very short time. The Citizen would suggest that everyone gets out for a general cleaning up bee. See if we can't have the city look more cosmopolitan.

#### CIMARRON BOY VISITS MOTHER

Frank Vance, who was born and raised here in Cimarron, and who is now located at Walsenburg, Colo., was a visitor in Cimarron last week. Mr. Vance has a fine position in Walsenburg, being the guardian of the peace and quiet of the camp, filling the position of marshal in a very creditable manner.

Mr. Vance has been away from Cimarron for some time, and had not visited his mother, Mrs. Mildred Vance, and one of our most respected residents, for over a year. He states that during the year's absence Cimarron has changed so much that he hardly recognized it.
